

# FLOWING ART MAKES 3D PRINTING BETTER

Pursue green printing with better quality

- Tolerances: 0.03mm
- No bubbles
- No warping
- Good flow

## Multiple Colors of Filament Give You More Choices

Always a color for you

More colors to explore.....

## High Purity And Green Raw Material

No waste or recycled material  
No clogging, sufficient extrusion

## Good Tensile Strength High Quality and Great Flexibility

Good tensile strength, good ductility, good flow,  
low shrinkage, good flexible and low weight

## Small Tolerance of Filament Diameter, Better Printing

The tolerance of filament diameter is within  $\pm 0.03\text{mm}$ ,  
with better printing and higher precision

## No Warping Better Printing

The printed model with no warping and bubbles has  
fine surface and color accuracy

## Applicable Models

Suitable for all 3D printers  
on the market

## Model Display

## Product Parameter

Product name: CR-PLA 3D printer filament	
N.W.: 1kg	Printing temperature: 195—210°C
Tensile strength: 60MPa	Package weight: 1.15kg
Bubble: No	Package size: 210*210*75mm
Filament diameter: 1.75mm	tolerance: $\pm 0.03\text{mm}$

Color: Blue, Green, Red, Orange, Yellow, Pink, White, Transparent color, Black, Flesh color, Golden, Brown, Gray, Purple, Fluorescein yellow, Fluorescein red, Fluorescein orange, Fluorescein green, Rainbow Gradient

## COMPANY INTRODUCTION

Shenzhen Creality 3D Technology Co., Ltd.

Creality 3D is an internationally renowned 3D printer manufacturer, national high-tech enterprise, and a pioneer in the R&D and mass production of FDM and resin 3D printers in China. Our company has been committed to applying 3D printers into market, delivering efficient and cost-effective integrated 3D printing solutions for individuals, families, schools and enterprises.

Headquartered in Shenzhen, Creality 3D has branches in Beijing, Shanghai and Wuhan, and cooperates with colleges and universities to build an industry-university-research teaching and internship base. We have a complete set of R&D, manufacturing and after-sales service system and strong technological strength. With a total area of 30,000m<sup>2</sup>, a team of over 1,000 employees, and monthly production capacity of over 800,000 units, Creality 3D prides itself on its large-scale R&D center and 3D printing laboratories and Creality research institute. Coupled with modern production lines working for 24 hours nonstop and demanding quality control system, the excellent product quality is thus guaranteed from the source. The products have been sold to more than 100 countries and regions, and have been ranked in the top of the global 3D printer sales list for a long time.

With initial aspirations never faltered, sticking to "customer-first" service concept, Creality 3D will keep passing on the spirit of the 3D printing industry evangelist to make better quality 3D printers and provide best service, enabling people to enjoy the convenience of technology and contributing to the rise of China's intelligent
